

When applying for a permit (repair, alteration, removal) on an existing device you will need to know the Business License Number (otherwise known as the State ID number).

The easiest way to search for a business license number is to choose one of the permit types identified above and choose the “Search License” link located under the additional information section on the pre-application (step 1) page;

#### Permit and Plan Review Pre-Application

This site provides access to portions of the Construction Codes and Licensing Division, and allows citizens to search for information and complete many commonly required tasks over the Internet.

1. Type of Application  This permit type is selected when altering an existing elevator related device.

2. Additional Information

**Existing Elevator Required**

Please enter the Elevator ID number below. An example of the entry format would look like the following: ELV-00005 or ELV-1000008. If you do not know your elevator ID number, you may search for it under the 'Elevator, Boilers & Pressure Vessels' lookup screen ([Search License](#)). When looking up elevators, Please note that only elevators with one of the following statuses are allowed to have permits applied for: (APPROVED, VERIFY, ARCHIVED, ACTIVE, CONDEMNED, OUT OF SERV, or EXEMPT.)
