

Home Set Addendum

This Addendum to the Holly Park Set-up Manual is to provide the Home Owner whose home is located in a Manufactured Housing Park where the site is well established with the option to not require a "Frost-free Foundation System". A licensed professional engineer should establish that the site/design does not require a frost free foundation system.

The following criteria must be met for this type of home set:

1. Properly compacted soil
2. Ground water to be well drained away from home
3. Properly sized footings for correct loads and bearing.
4. Home must be checked annually (minimum) to ensure home is level and to adjust if needed.

The home owner must sign below to show that this option has been taken.
