Specify the purpose of the proposal: If recommendation for code change for appurtenance or method (check all that apply)			
☐ Appurtenance (e.g., water conditioning equipment)		☐ Test Method	
☐ Other (describe)			
Does your submission contain a Trade Secret? ☐ Yes ☒ No			
If Yes, mark “ TRADE SECRET ” prominently on each page of your submission that you believe contains trade secret information. Minnesota Statutes, section 13.37, subdivision 1(b), defines “trade secret” as follows: “Trade secret information” means government data, including a formula, pattern, compilation, program, device, method, technique or process (1) that was supplied by the affected individual or organization, (2) that is the subject of efforts by the individual or organization that are reasonable under the circumstances to maintain its secrecy, and (3) that derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use. Note that, although “trade secret” information is generally not public, the Board and its committees may disclose “trade secret” information at a public meeting of the Board or committee if reasonably necessary for the Board or committee to conduct the business or agenda item before it (such as your request.) The record of the meeting will be public.			
Describe the proposed change. The Minnesota Plumbing Code (Minnesota Rules Chapter 4714) is available here: https://epubs.iapmo.org/2020/MPC/			
NOTE: - Please review the Minnesota Plumbing Code and include all parts of the Code that require revision to accomplish your purpose. - The proposed change, including suggested rule language, should be <i>specific</i>. If modifying existing rule language, underline new words and strike through deleted words. Please list all areas of the Minnesota Plumbing Code that would be affected. 1501.2 -Delete in its entirety

Need and Reasons For the Change. Thoroughly explain the need and why you believe it is reasonable to make this change. During a rulemaking process, the need and reasonableness of all proposed rule changes must be justified; therefore, a detailed explanation is necessary to ensure the Board thoroughly considers all aspects of the proposal.

Similar wording in Chapter 16 has been removed in previous versions of the Plumbing Code. The requirements for Plumbing designs to be completed by either a Professional Engineer or a Licensed Master Plumber is included in State Statute 326.02. Minnesota Rules should not replicate or conflict with the requirements of a State Statute. The exceptions listed in 1501.2 would conflict with the requirements of the state statute.

If your product/method standard(s) is not currently listed in a national code, your Request For Action will not be considered by the Board or its committees, however, you are welcome to present at any Board meeting during the Open Forum section of the Agenda.

The proposal must be accompanied by copies of any published standards, the results of testing, and copies of any product listings, as documentation of the health, sanitation and safety performance of any materials, methods, fixtures, and/or appurtenances. If none are available, please explain:

Please attach electronic scanned copies of any literature, standards and product approvals or listings. Printed or copyrighted materials, **along with written permission from the publisher to distribute the materials at meetings**, and email to DLI.cclboards@state.mn.us
