

2018 Workers' Compensation Ambulatory Surgical Center Payment System

Lisa Wichterman | Medical Policy Specialist

Becky Jo Fister | St. Cloud Surgery Center

In developing this presentation, the Department of Labor and Industry (DLI) has made every effort to accurately reflect the 2018 legislation, which is codified as Minnesota Statutes § 176.1363. The statutory language controls in the event of a difference between this presentation and the statute.

ASC Background

- The workers' compensation Ambulatory Surgery Center payment system (ASCPS) is codified as Minnesota Statutes, § 176.1363.
- The ASCPS establishes payment for ASCs using the Medicare ASCPS payment for the services, including the applicable geographic adjustment, times a multiplier of 320 percent.
- ASCPS addenda, instructions and other materials are available on [DLI's website](#).

ASCPS Based on Medicare

The Minnesota workers' compensation ASC fee schedule incorporates Medicare's:

- Geographic adjustment and the multiple surgical procedure reduction rule.
- Annual revisions to the Code of Federal Regulations title 42, part 416.
- Addenda AA, BB, and DD1.
- The Medicare claims processing manual.

Payment for Surgical and Ancillary Services

- Payment for dates of service 10/1/18 to 9/30/19 is:
 - based on most recent addenda AA, BB, and DD1 available on the Medicare website as of 7/1/18, and the corresponding Medicare rules and claims processing manual.
- Payment for dates of service on or after each *subsequent* October 1 is:
 - based on most recent addenda AA, BB, and DD1 available on the Medicare website as of the preceding July 1st, and corresponding Medicare rules and claims processing manual.
- Links to the applicable Medicare addenda and claims processing manual are on [DLI's website](#).

Payment for Surgical and Ancillary Services

Payment for covered surgical procedures and ancillary services is the *lesser* of:

- ASC's U&C charge for all services, supplies and implantable devices provided; or
- The Medicare ASCPS amount times a multiplier of 320 percent.
 - Payment includes implantable devices, even if Medicare ASCPS allows separate payment.

Payments where no payment amount is specified

Payment is 75% of the ASC's usual and customary charge if a surgical procedure or ancillary service *is* listed in addendum AA or BB and:

- The payment indicator provides it is paid at “reasonable cost”;
- The payment indicator provides it is “contractor priced”; or
- A payment rate is not otherwise provided.

Payments for services not listed in Addendum AA or BB

If a surgical procedure is compensable under workers' compensation, but is *not* listed in addendum AA or BB in effect for the date of service:

- Payment is 75% of the ASC's U&C charge for the procedure with the highest charge.
- Payment is 50% of the ASC's U&C charge for each subsequent surgical procedure.

ASC Payments

- Minnesota payment = Medicare payment rate x $((.5 \times \text{wage index}) + .5) \times 320\%$.
For example, a wrist arthroscopy/surgery (HCPCS code 29843) would be:
 - For an ASC in Hennepin County: $\$1,279.91 \times ((.5 \times 1.1295) + .5) \times 320\% = \$4,360.91$.
 - For an ASC in Kandiyohi County: $\$1,279.91 \times ((.5 \times .9001) + .5) \times 320\% = \$3,891.13$
- Optional National Government Services [Tool](#):
 - Use July 1, **2018** for a date of service from Oct. 1, 2018 through Sept. 30, 2019
 - Multiply the “amount column” by 320%.

Payment for multiple procedures

When more than one surgical procedure is performed on the same day and both have a “Y” in the multiple procedure column (column D) of addendum AA:

- The procedure with the highest payment amount is paid using 100% of the payable amount.
- Procedures with a lower payment amount are paid using 50% of the payable amount.
