1. **Call to Order, Chair**

- A. The meeting was called to order by Chair Becker at 9:33 AM. Roll call was taken by the Secretary and a quorum was declared with 11 of 13 voting members present in person or via WebEx.
- B. Announcements – Introductions (members and attendees) – Chair Becker
 - Everyone present in person and remotely are able to hear all discussions.
 - All votes will be taken by roll call if any member is attending remotely.
 - All handouts discussed and WebEx instructions are posted on the Board's website.
 - WebEx instructions/procedures can be found on the board's website at:
<https://www.dli.mn.gov/about-department/boards-and-councils/plumbing-board>

2. **Approval of meeting agenda**

A motion was made by Abrahamson, seconded by Erickson, to approve the agenda as presented. The roll call vote was unanimous with 11 votes in favor; the motion carried.

3. Approval of previous meeting minutes

A. Regular Plumbing Board meeting – Oct. 17, 2023

A motion was made by Wahlen, seconded by Lemke, to approve the Oct. 17, 2023, regular Plumbing Board meeting minutes as presented. The roll call vote was unanimous with 11 votes in favor; the motion carried.

B. Special Plumbing Board meeting – Nov. 6, 2023

A motion was made by Pylkas, seconded by Dryke, to approve the Nov. 6, 2023, special Plumbing Board meeting minutes as presented. The roll call vote was unanimous with 11 votes in favor; the motion carried.

C. Special ad hoc Storm Surcharge Committee meeting – Oct. 31, 2023

A motion was made by Abrahamson, seconded by Westemeier, to approve the Oct. 31, 2023, special ad hoc Storm Surcharge Committee meeting minutes with a revision to DLI Staff & Visitors, Mike Johnson (J-Bird Mechanical) not J-Berg. The roll call vote was unanimous with 5 Committee member votes in favor; the motion carried.

4. Regular Business

Expense reports were approved.

5. Special Business

A. Plumbing plan review and inspection fees update – Todd Green

- Green provided an update to the board on the department's proposed fee adjustments to electrical, plumbing plan review, plumbing inspection, and boiler registration fees. Green stated these programs have been experiencing operational deficits for the last 3-4 years and fee increases were necessary to offset the costs of the services they provide. Electrical fees were last adjusted in 2007, plumbing plan review in 2003, plumbing inspections in 2013, and boiler registrations in 2003. In addition to offsetting program costs, the proposed fee increases for the plumbing units will allow for additional plumbing plan review and inspection staff.

B. 2024 UPC update – Chair Becker

- Chair Becker said the ad hoc Rulemaking Committee is meeting each month to review each chapter in detail.

C. Review 2024 ad hoc Rulemaking Committee's recommended revisions to the Request for Action form – see **Attachment A**

- **A motion was made by Wahlen, seconded by Arnold, to approve the Request for Action (RFA) form as presented. The roll call vote was unanimous with 11 votes in favor; the motion carried.**

D. Enforcement & Licensing update – Sean O'Neil

- O'Neil summarized **Attachment B** regarding the unlicensed contractor that was fined \$24,500. He said there were 192 plumbing investigations closed in 2023 and currently there are 100 open/active plumbing investigations. The calendar year total (192) is slightly down from previous years, with the move to iMS cited as the main contributor to the reduction as continuing education investigations have slowed significantly. Plumbing investigations in 2023 accounted for 12-13% of all enforcement investigations. Enforcement penalties are deposited in the assigned risk safety account – see **Attachment C** – which allows business owners to apply for grants to receive safety-related equipment and supplies if they meet OSHA consultation requirements. Interested parties should contact OSHA

Consultation for more information. Plumbing contractor license renewals are going smoothly for our stakeholders, many using iMS to renew for the first time.

- O’Neil said plumbing enforcement actions are updated monthly and can be found here: <https://www.dli.mn.gov/business/plumbing-contractors/plumbing-enforcement-actions>

E. Department updates – Mike Westemeier

- Westemeier said the department hired two additional plumbing plan review staff. Plan review queue is fluctuating between 9 and 11 weeks. In the last fiscal year, the department reviewed over 2,400 plans and wrote 3,300 review letters.

6. Committee Reports

A. 2024 UPC ad hoc Rulemaking Committee update – Committee Chair Becker

- Chair Becker said the committee met twice and reviewed Chapters 1, 2, and Definitions. At the next meeting in February, the Committee will begin their review with “Q” in Definitions.

B. Construction Codes Advisory Council (CCAC)

- Abrahamson gave a brief recap from the last CCAC meeting held on [Nov. 8, 2023](#).

7. Complaints and Correspondence

None

8. Open Forum

None

9. Board Discussion

No discussion

10. Announcements

Regularly scheduled meetings occur on the 3rd Tuesday of each quarter at 9:30 a.m., in-person at DLI with WebEx/Phone options. The next regular meeting will be held on April 16, 2024.

11. Adjournment

A motion was made by Erickson, seconded by Dryke, to adjourn the meeting at 10:11 a.m. The roll call vote was unanimous with 11 votes in favor of the motion; the motion passed.

Respectfully submitted,

Karl Abrahamson

Does your submission contain a Trade Secret? Yes No

If Yes, mark “**TRADE SECRET**” prominently on each page of your submission that you believe contains trade secret information. Minnesota Statutes, section 13.37, subdivision 1(b), defines “trade secret” as follows:

“Trade secret information” means government data, including a formula, pattern, compilation, program, device, method, technique or process (1) that was supplied by the affected individual or organization, (2) that is the subject of efforts by the individual or organization that are reasonable under the circumstances to maintain its secrecy, and (3) that derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use.

Note that, although “trade secret” information is generally not public, the Board and its committees may disclose “trade secret” information at a public meeting of the Board or committee if reasonably necessary for the Board or committee to conduct the business or agenda item before it (such as your request.) The record of the meeting will be public.

Describe the proposed change. The Minnesota Plumbing Code (Minnesota Rules Chapter 4714) is available here: <https://epubs.iapmo.org/2020/MPC/>

NOTE:

- Please review the Minnesota Plumbing Code and include all parts of the Code that require revision to accomplish your purpose.
- The proposed change, including suggested rule language, should be *specific*. If modifying existing rule language, underline new words and ~~strike through deleted words~~. Please list all areas of the Minnesota Plumbing Code that would be affected.

79.253 ASSIGNED RISK SAFETY ACCOUNT.

Subdivision 1. **Creation of account.** There is created the assigned risk safety account as a separate account in the special compensation fund in the state treasury. Income earned by funds in the account must be credited to the account. Principal and income of the account are annually appropriated to the commissioner of labor and industry to establish and promote workplace safety and health programs.

Subd. 2. **Use of funds; safety assessments.** The assigned risk plan shall, through persons under contract with the plan, perform on-site surveys of employers insured by the assigned risk plan and recommend practices and equipment to employers designed to reduce the risk of injury to employees. The recommendations may include that the employer form a joint labor-management safety committee. The plan shall generally survey employers in the following priority:

- (1) employers with poor safety records for their industry based on their premium modification factor or other factors;
- (2) employers whose workers' compensation premium classification assigned to the greatest portion of the payroll for the employer has a premium rate in the top 25 percent of premium rates for all classes; and
- (3) all other employers.

Subd. 2a. **Eligible applicants.** An employer is eligible to apply for a grant or loan under this section if the employer meets the following requirements:

- (1) the employer's workers' compensation insurance is provided by the assigned risk plan, is provided by an insurer subject to penalties under chapter 176, or the employer is self-insured;
- (2) the employer has had an on-site safety survey conducted by a Minnesota occupational safety and health investigator, a Minnesota Department of Labor and Industry workplace safety and health consultant, an in-house employee safety and health committee, a workers' compensation underwriter, a private safety consultant, or a person under contract with the assigned risk plan; and
- (3) the on-site safety survey recommends specific safety practices or equipment designed to reduce the risk of illness or injury to employees.

Subd. 3. **Incentives and penalties.** The assigned risk plan shall develop a premium rating system subject to approval by the commissioner of commerce that provides a reduction in premium rates for employers that follow safety recommendations made under this section and an increase in rates for employers that do not. The system must be sensitive to the economic ability of an employer to implement particular recommendations.

Subd. 4. **Grants and loans.** The commissioner of labor and industry may make grants or loans to employers for the cost of implementing safety recommendations made under this section.

Subd. 5. **Rules.** The commissioner of labor and industry may adopt rules necessary to implement this section.
