

Notice of prevailing-wage survey dated April 1, 2024

The Minnesota Department of Labor and Industry (DLI) is surveying wage rates paid to certain workers who work on commercial, residential and highway and heavy construction projects in the state to determine prevailing-wage rates. The survey can be completed by mail or online.

Those surveyed must submit to DLI reports of hourly wage rates paid to workers on projects performed during the past 12 months. Failure to submit these reports means you do not want to participate in establishing the prevailing-wage rate in your area. All reports must be sent to DLI by close of business Friday, May 31, 2024.

To complete the survey, use the attached form or submit the survey online at https://secure.doli.state.mn.us/pwratesurvey. For assistance with the survey, call 651-284-5192.

Survey tips

- Review classification titles for correct reporting. For equipment operators, use the classification code under the highway and heavy list, 302 through 397; for commercial or residential, use list 501 through 550; and for paving and grading equipment for all types of construction use the highway and heavy list, 302 through 397.
- Workers can be reported on multiple projects, but only once for each project.
- All commercial and residential projects must have a complete street address.
- Workers reported on the survey must have worked at least eight hours on the project.
- Only report work performed between April 2, 2023, to May 30, 2024.
- Highway and heavy projects may only be reported if the cost of the project is \$25,000 or more.
- Commercial projects may only be reported if the cost of the project is \$2,500 or more.
 Commercial construction includes apartment complexes and residential structures of three units or more.
- Residential projects may only be reported if the cost of the project is \$2,500 or more. Residential construction applies to single- and two-family homes.
- A separate form is required for each project reported.

Minnesota Department of Labor and Industry Commercial, residential and highway and heavy **Labor Standards Construction wage report** Prevailing-wage unit Survey period -- April 1, 2024, through May 31, 2024 443 Lafayette Road North (Submit all work performed on or after April 2, 2023) St. Paul, Minnesota 55155-4306 (see instructions on reverse) 651-284-5091 1. Wage reports submitted on paper or online must be signed and dated by the organization or individual Signature making the report attesting that the information $% \left(\mathbf{r}\right) =\mathbf{r}^{\prime }$ provided is true and correct. A person submitting a wage report online, by signing the report, agrees to conduct the submission of the report electronically and affirms that the electronic signature is the act of the person submitting the report.

Save time and submit surveys online at https://secure.doli.state.mn.us/pwratesurvey.

For assistance with forms, call 651-284-5192.

In determining prevailing-wage rates, employees can be counted more than once, however only once per project. Use a separate form for each project. You may copy the form for your use. Report construction performed in the previous 12 months only. You may report either public or private projects. Do not report owners, foreman, supervisors, apprentices or helpers.

Instructions

- 1) Employer's name.
- For each project reported, indicate its location by street address, city and county and give a brief description of the work performed.
- 3) Project description (check one).
- 4) Enter approximate cost of the project.
- 5) Please print the name of all the employees who worked on the project. Employees reported on commercial, residential or highway and heavy projects must have worked at least eight hours on the project.
- 6) From the master job classification listed below, select the class of labor in which the employee worked the greatest number of hours on the project.

Mixer (paving) concrete paving, road mole, including mucking

operations, Conway or similar type

- 7) Basic hourly rate less fringe benefits.
- 8) List the total hourly fringe benefit rate. Include health and welfare, pension, vacation, holidays, apprentice or training funds or other direct employee benefits. Do not include industry funds, workers' or unemployment compensation, subsistence or travel pay or similar allowances.
- 9) Total hourly wage plus fringes.
- 10) Sign and date. Incomplete forms will be returned. If submitting online, the name of the person attesting must be inserted twice, once on the "submitted by" line and once on the "signature" line.
