

Structural Technical Advisory Group (TAG)

Meeting # 5 Notes

Date: Thursday, June 20, 2024, 9:00 AM

Meeting Location: DLI Washington Room/WebEx Event

Call to order:

Dan Kelsey

Attendance:

TAG Members attending: Chris Kehl, Craig Oswell, Dan Kelsey, John Timm, Kyle Dimler, Randy Johnson, Reuben Verdoljack, Wendy Rannenberg

TAG Members not attending: Eric Boyd, Mitch Okeson

Others Attending: Chad Payment, Alexis Johnson, Jerad Bankston, Kevin Rolfes, Nick Erickson

Worksheet and Code Change Proposal Review:

Reviewed structural related changes to the 2021 and 2024 International Building Codes (IBC), Worksheet Item 180-B19 (2024 IBC Section 1907) through Worksheet Item 236-B24 (throughout 2024 IBC Chapter 24, "basic design wind speed" changed to "basic wind speed") and related Minnesota Rules.

- Worksheet Item 231-B23 Minnesota Rules, 1305.2308, subp. 2, modifying 2018 IBC Table 2308.6.1, Wall Bracing Requirements for Conventional Light Frame Construction – The TAG consensus is to maintain the current Minnesota amendment and renumber the table as 2308.10.1 for consistency with the numbering in the 2024 IBC.
- Worksheet Item 221-B23 2024 IBC 2308.2.7 Hillside Light-Frame Construction – The TAG consensus is to accept the model code language, which is not inconsistent with the IRC.
- Worksheet Item 236-B24 2024 IBC Chapter 24 replaced “basic design wind speed” with “basic wind speed” – The TAG consensus is to accept the model code changes to Chapter 24.

Next Meeting:

Date: July 9, 2024

Time: 1:00 PM

Location: DLI Minnesota Room

Meeting Adjourned:

10:53 AM

Prepared by: Wendy Rannenberg
