

Free MNOSHA Construction Seminars

Minnesota OSHA's free Construction Seminars feature a presentation about a specific construction safety or health topic – with time for questions, answers and input – plus an update from MNOSHA Compliance about what's currently happening.

The seminars are presented in a panel format for better interaction with the audience, leading to better understanding and more practical learning. The seminars are seasonal, offered every other month from September to May.

Cost: Free!

Meals: Attendees are welcome to bring their own food and beverages.
