Why Join MARP?

- MARP is a professional organization for QRCs and other rehab professionals (placement specialists and vocational evaluators) in Minnesota.
- MARP is dedicated to promoting effective rehabilitation, disability management, and return-to-work services while enhancing the competency of rehabilitation service providers.

Advocacy

Minnesota's worker's compensation system is highly regulated. MARP serves as the voice of rehab professionals with the legislature and with the Department of Labor and Industry.

We listen to our members and provide input when changes are made to the Rehabilitation Rules and Statutes impacting rehabilitation.

Networking

MARP offers numerous opportunities for rehabilitation providers from different firms to connect professionally and socially, allowing members to learn from one another and promote best practices.

Rehab is a small community and we want to stay connected.

Education

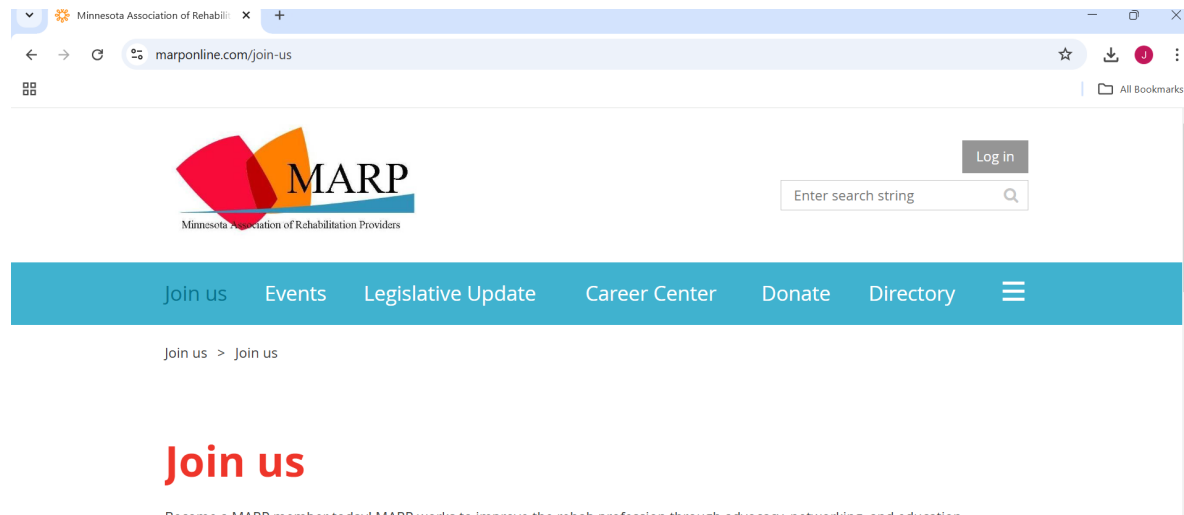

MARP sponsors free or low-cost continuing education seminars to help members stay updated on their certification, and stay abreast of developments in the field.

MARP typically hosts a fall and spring conference, and will be adding webinars and online education for members.

While non-members can attend our conferences, members pay half the non-member rate.
