**INSTRUCTIONS**  
**READ CAREFULLY BEFORE COMPLETING THIS FORM**  
**Employer must complete the Work Experience Verification Form**

**WORK EXPERIENCE VERIFICATION FORM REQUIRED**

Registered unlicensed individuals, as part of renewing their registration, must provide verification of their employment by a licensed contractor or registered employer during the registration period of July 1 to June 30. This form reports the verified hours and is adapted for use by unlicensed individuals registered to perform plumbing work. The reason for verifying work hours each year along with renewing a registration is so the registered individual does not have to verify these hours when applying for a license examination. Verifying hours annually when renewing a registration enables the department to gradually qualify an individual for examination, which makes for quicker approvals. Please submit a separate work experience form for each year of experience.

**Employer Information (mandatory information if business is licensed in Minnesota)**

- Enter the employer's business name, address, license or registration number, contact's phone number, and email address. (NOTE: License number is mandatory, if business holds contractor license number or registered employer number in Minnesota.)
- Enter the employer's designated responsible individual's name and license number. The individual's license number must match what the department has on record as the designated responsible individual and license number.
- Only record work experience for the time period that the registered unlicensed plumber had a current registration with Department of Labor Industry.

**Registered Apprentice - If part of an apprenticeship program the following is required when applying for the journey worker exam:**

- Complete exam application.
- Letter from apprenticeship program, which includes hours, dates of completion and name of the apprenticeship program.

**Note:** Up to 24 months of practical plumbing experience prior to becoming a plumber's apprentice or registered unlicensed individual may be applied to the four-year experience requirement. However, none of this practical plumbing experience may be applied if the individual did not have any practical plumbing experience in the 12-month period immediately prior to becoming a plumber's apprentice or registered unlicensed individual.

**Unlicensed Registered Plumber**

- Complete information on the form for the registered individual.
- The work period being verified is the 12-month registration period of July 1<sup>st</sup> to June 30<sup>th</sup> of each year and only for the months in which you had a current registration with Department of Labor & Industry.
- Provide exact dates of employment during the 12-month registration period (July 1<sup>st</sup> to June 30<sup>th</sup>). Include the month, day, and year.
- Indicate whether the hours reported on the form are taken from payroll records; and if not, specify the other forms of documentation used to verify the individual's work experience.
- For each class of work identified, enter the actual hours the individual performed that class of work during the registration period. (Note: Blanks will be assigned 0 hours.)
- Enter the total number of plumbing work hours verified, which may not exceed 1,750 hours.
- Complete mailing address information for the unlicensed individual's. Updates to the individual's personal or mailing address may be noted on the registration renewal form. Address changes may also be made using a form available online at <http://www.dli.mn.gov/workers/plumber/licensing-personal-plumber-licenses>.

**Certification Signature and Date**

- The employer's designated responsible individual must certify, with a signature, that the registered unlicensed individual performed the identified classes of work for the number of hours entered on the form during the 12-month registration period.
- The registered unlicensed individual's signature on the form acknowledges agreement with the information verified by the employer.

**QUALIFYING FOR A LICENSE EXAMINATION**

Work verification is for the following license classifications, which require a minimum number of months/hours qualifying work experience to become licensed. Detailed information on qualifying for a license exam is available at [www.dli.mn.gov](http://www.dli.mn.gov)

License Class	Law (Rule)	Requirement	Minimum Requirements
Plumber Journey Worker	<a href="#">326b.46 Law</a> 4716.0020 Rule	7,000 hours	2000 hours drain, waste, vent installation 1000 hours fixture installation 2000 hours water distribution installation
Plumber Master	<a href="#">326B.46 Law</a> 4716.0020 Rule	1, 750 hours	Must have at least one year of practical plumbing experience as a licensed journey worker plumber; or  A current master plumber license from another state where the requirements of the licensing jurisdiction are equivalent to those of Minnesota, as determined by the commissioner; or  A current Minnesota restricted master plumber license and five years of verifiable experience in business as a plumbing contractor in Minnesota.
